

The screenshot shows the SEC API Marketplace website. At the top left, there is a dark green header with the 'API' logo. On the right, there is a 'SIGN IN' button. The main content area features a large heading 'SEC API Marketplace' followed by a paragraph: 'The SEC API Marketplace offers powerful APIs for accessing real-time financial data and regulatory filings, providing essential tools for developers and businesses to enhance transparency and decision-making in financial markets.' Below this is a white box with the heading 'Revolutionize Your Digital Solutions with SEC APIs' and the sub-heading 'Dive into our developer portal and discover what our range of SEC APIs has to offer'. To the left of this box is a graphic with the word 'API' and a gear icon. To the right is a list of features: 'SEC API Marketplace: Providing a Frictionless Developer Experience', 'Products and Documentation' (with sub-points about self-service products and developer portal), and 'Help and Support' (with a sub-point about feedback and ticket submission).

## SEC API Marketplace Re-subscription USER GUIDE

**The SEC API Marketplace offers powerful APIs for accessing real-time financial data and regulatory filings, providing essential tools for developers and businesses to enhance transparency and decision-making in financial markets.**

### Re-subscribing after API Limit

Once you've exhausted the usage limits of the API, you will need to re-subscribe to continue your access. Follow the process by selecting your desired plan, wait for the Payment Assessment Form (PAF) to be sent via email, and pay it to complete the re-subscription.

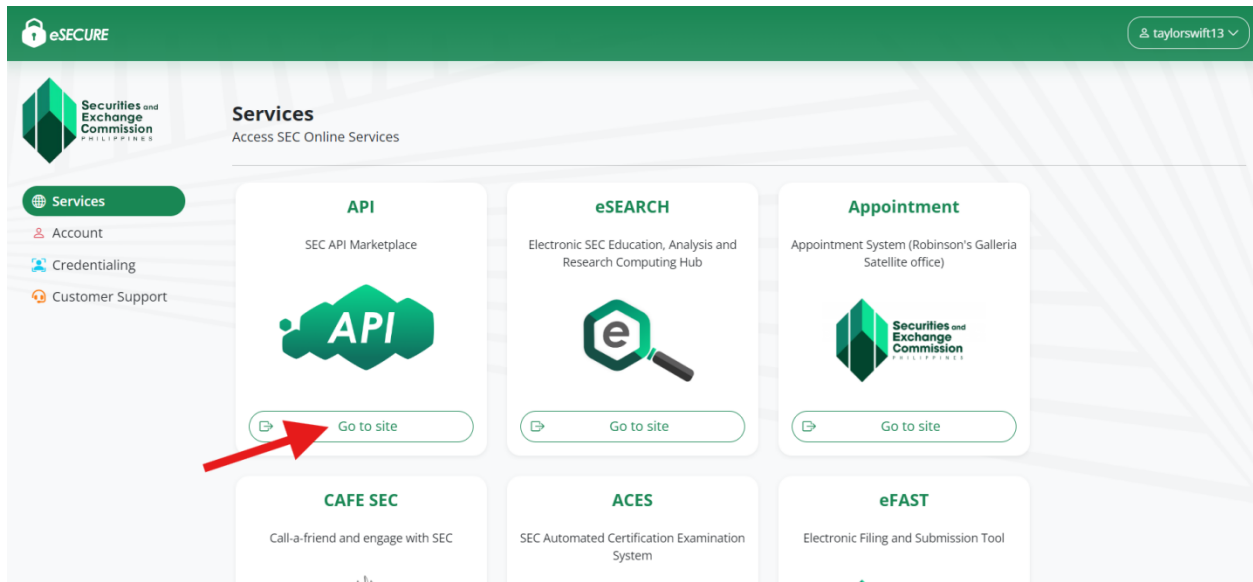

The subscription does not have an expiration date. However, it is subject to a limited number of call credits which may become exhausted or depleted. Once depleted, the applicant may **re-subscribe** to replenish the call credits. The re-subscription will require the cancellation of the initially selected subscription and the submission of a new application.

1. Log in with the same eSECURE account that you used from your initial application.

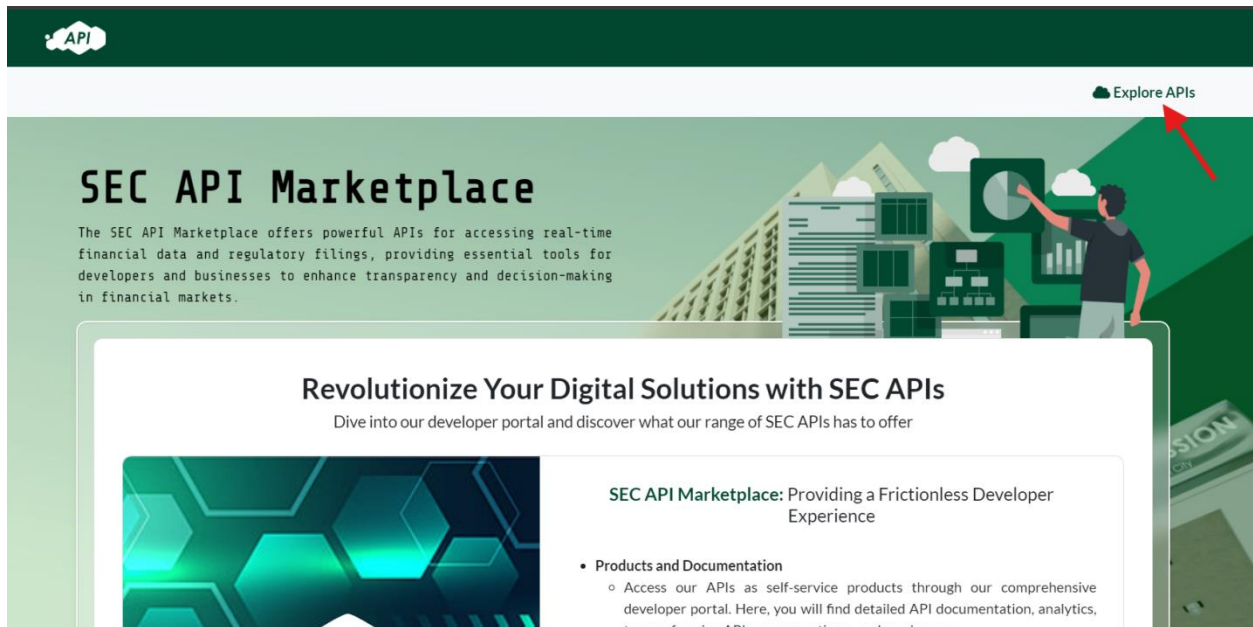

**eSECURE link:** <https://esecure.sec.gov.ph/>

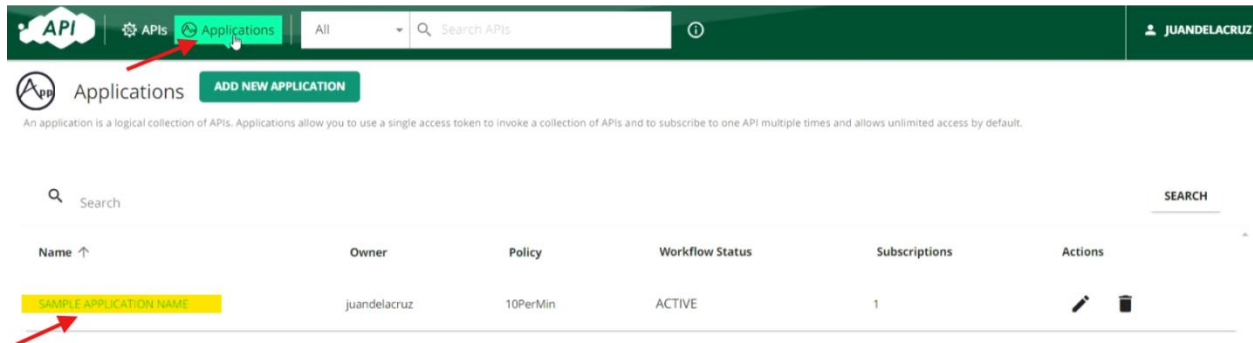

2. Once logged in, you will be redirected to all our services through eSECURE. Under “**Services**”, look for “**SEC API Marketplace**” and click the “**Go to site**” button

3. After clicking, you will be redirected to the SEC API Marketplace site.  
Click **“Explore APIs”**

4. Click the **“Applications”** button on the upper part of the screen and open your existing application

Applications ADD NEW APPLICATION

An application is a logical collection of APIs. Applications allow you to use a single access token to invoke a collection of APIs and to subscribe to one API multiple times and allows unlimited access by default.

7. A confirmation message “Are you sure you want to delete the Subscription?” will pop up. Click “Delete”.

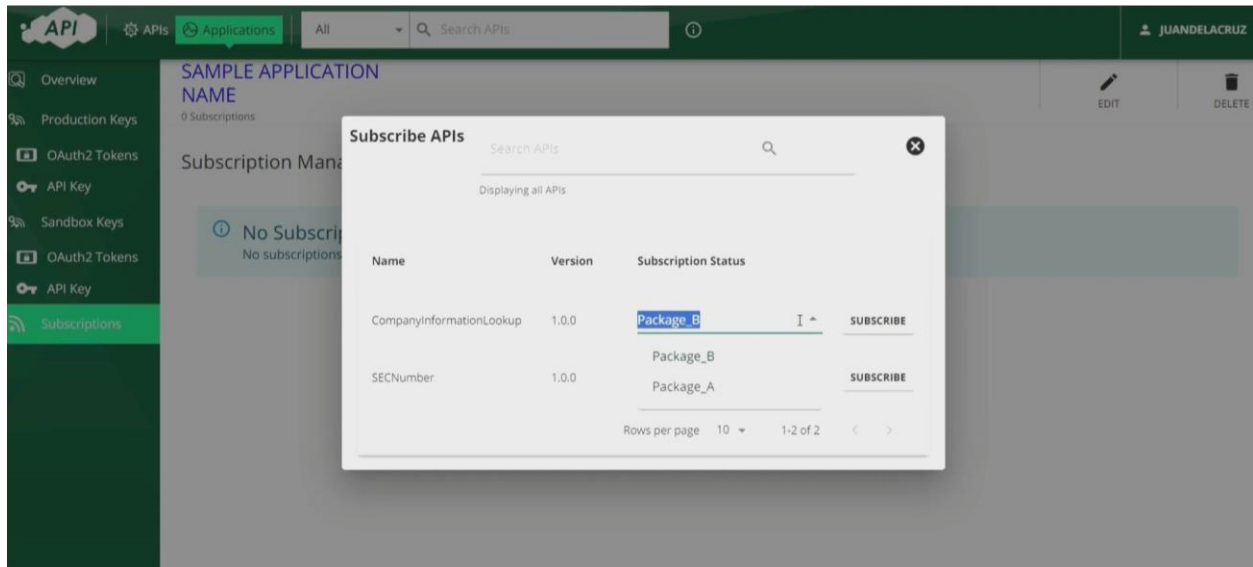

(Upon confirmation, a notification will appear at the bottom of the website indicating that the subscription has been successfully deleted.)

8. Submission of New Application (Re-subscription)

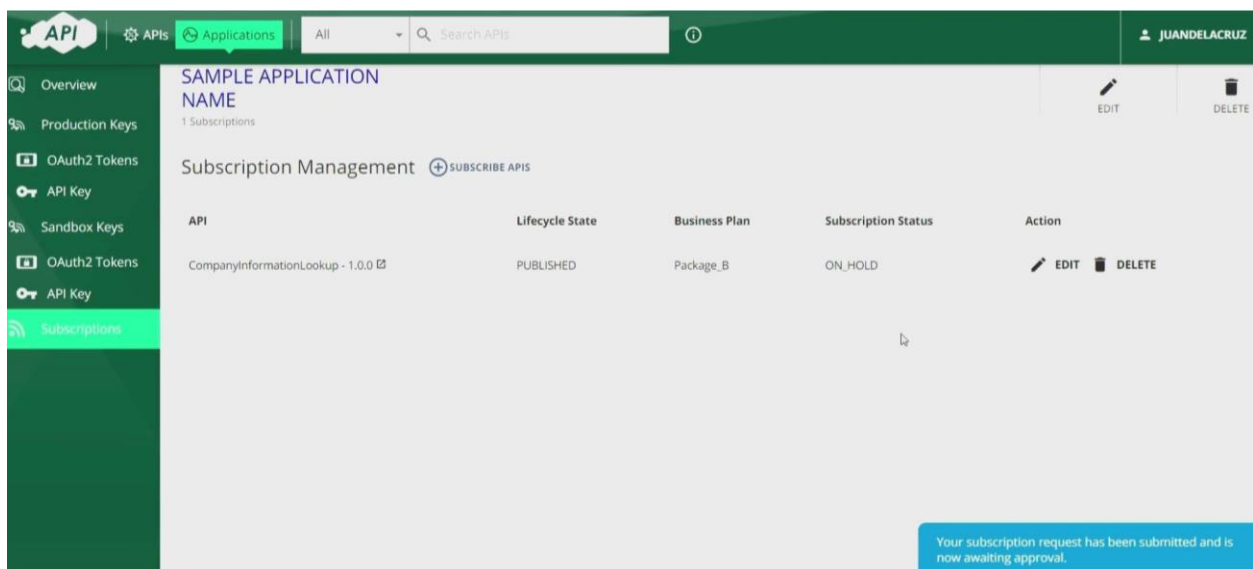

(You must submit a new subscription by selecting the “Subscriptions” tab, then click the “Subscribe APIs” button.)

9. Choose the package you wish to subscribe to by clicking on the drop-down arrow, then click “Subscribe”.

(A prompt will appear confirming the successful submission of the new application.)

10. **“Your subscription request has been submitted and is now awaiting approval.”** a message will appear, indicating that your new application has been successfully submitted. You will receive an email notification confirming the receipt of the new application, along with the **new Payment Assessment Form (PAF)**, if applicable to the chosen package, of the API Marketplace.

(The new application will undergo a similar process of review, evaluation, and subsequent approval or disapproval.)
